Kličeš me tja
v globine morja,
kjer počivaš zdaj,
ne bo te več nazaj.

Legenda živi,
spomin starih dni,
ki prebuja me,
polni mi srce.

**Atlantida,
skrivnost odšla je v noči s teboj
kot solza je v modrih očeh.**

**Atlantida,
skrivnost v meni upanje tli,
da uzrejo te moje oči.**

Mysteries of love,
mysteries of hope,
land of the secret,
home of the unknown,
land of confusion,
oceans of fire.
Atlantis is calling,
calling up your name,
harmony and freedom
worlds we used to say.
Home of the vision,
place where we can stay,
visions of love,
visions in the dark,
lost civilizations,
places in my heart.

Power in the dark,
children of the past
look into the future
and you will see the light.
Scream in the night,
fear in your heart,
lost civilizations,

the legend in my mind.

Flower in the dust,
all the broken dreams,
the end of everything.

Life forever lost
darkness in the sky,
nobody survived,
power in the nature
is power of the god.

So man of the power, please don't,
don't destroy our beautiful world.

Thank you.
